# The Alaska Performance Scholarship

## An Invitation to Careers

Students in the new-miner training program at the University of Alaska Southeast are on the path to well-paying careers.

---

**New Miners** earn  
**\$80,000** including overtime.

---

In Alaska, training is available in dozens of careers in demand, such as culinary, health care, automotive, aviation, mining, maritime, office support, information technology, drafting and construction.
